CLASS DESCRIPTIONS

CARDIO CLASSES

BODYCOMBAT: BodyCombat is a non-contact, martial arts-inspired cardio-kickboxing program where your 'Inner Warrior' is totally unleashed! The class format draws from disciplines such as Karate, Boxing, TaeKwonDo, Muay Thai and Tai Chi. This empowering workout will allow you to strike, punch, kick and kata your way through calories right to superior cardio fitness!

BODYSTEP: BodyStep is like no other Step class! This format retains the essence of a great Step workout while adding fun and athletic movements to the mix. With sing-a-long music, lots of spunk and effective interval-training principles, you'll improve cardio fitness, shape and tone your lower body, and improve coordination and agility. What more could you ask for?

CYCLING: Experience the ride of your life! Cycling is a fun, athletic workout that closely mimics a true biking experience...all from the comforts of an indoor studio! Speed, terrain and intensity vary in each class, improving cardiovascular endurance and boosting lower-body strength. Advanced sign up required, space is limited.

MIND / BODY CLASSES

GENTLE YOGA: Find inner balance and cultivate mindful awareness in this soft, relaxing, more nurturing practice. Gentle Yoga allows time for more detailed instruction and is less physically challenging than our Vinyasa-inspired classes. Emphasis is on self-awareness, use of breath, proper alignment and honoring the body. Appropriate for all levels or for those who prefer to move at a slower pace.

YOGA FLOW: Build strength, balance and flexibility while linking breath to movement in this Vinyasa-inspired class. Students will move through a flowing series of postures while focusing on proper alignment and inner awareness of mind, body and spirit. The sequence of postures may differ from class to class, but may include warm up, some variation of Sun Salutations, a dynamic standing series, balance and/or core work, and various joint openers and stretches. All classes will conclude with final relaxation, leaving you feeling centered and calm. Appropriate for all levels, with variations offered for beginners and more advanced students.

POWER YOGA: A dynamic, faster-paced class that will tone your body while disciplining your mind. Power Yoga consists of an energetic series of Yoga postures done in sync with breath (Vinyasa style), with an emphasis on moving fluidly from pose to pose. The result is enhanced physical strength and stamina, improved flexibility and a calm yet focused mind. All levels welcome, modifications offered for new and advanced students.

STRENGTH CLASSES

BODYPUMP: This is the original barbell class that strengthens your entire body. An excellent supplement to cardiovascular training, this class will challenge all of your major muscle groups by using the best weight room exercises like squats, presses, lifts & curls. Great music, awesome instructors and your choice of weight will inspire you to get the results you came for – and FAST! Space is limited.

FUNCTIONAL FITNESS: No choreography here, just alternating stations that incorporate cardio, strength, agility and flexibility drills and more. Exercises are easy-to-follow and functional in nature. Every piece of equipment in the studio is fair game, keeping your classes fresh and your body guessing.

FUNCTIONAL TRX: Enjoy Functional Fitness AND TRX? Get the best of both worlds in this 45-minute class! A head-to-toe workout guaranteed to get your heart pumping.

TRX: This class will have you breathing hard and feeling muscles you never knew you had! TRX incorporates strength, flexibility, power, endurance and core into each circuit-style workout. Your core is engaged the entire time, so get ready for great abs and a strong back as well as a toned, sculpted body!
