CLASS DESCRIPTIONS

CARDIO CLASSES

BODYCOMBAT: BodyCombat is a non-contact, martial arts-inspired cardio-kickboxing program where your 'Inner Warrior' is totally unleashed! The class format draws from disciplines such as Karate, Boxing, TaeKwonDo, Muay Thai and Tai Chi. This empowering workout will allow you to strike, punch, kick and kata your way through calories right to superior cardio fitness!

CYCLING: Geared toward anyone who can ride a bike, Cycling is an awesome, non-impact cardio workout that closely mimics an outdoor biking experience...from the comfort of an indoor studio! Without weather or headwind, you'll climb hills, sprint and more, all while improving cardiovascular endurance and boosting lower-body strength. No Cycling experience necessary. **Advanced sign up required, new participants please arrive early for set up instructions.**

WERQ: WERQ is the fiercely fun dance fitness class based on pop, rock and hip-hop music. The signature WERQ warm-up previews the moves used throughout class, while the signature WERQ cool-down incorporates balance and yoga-inspired stretches. Everything in between is pure fun! Are you ready to WERQ?

STRENGTH CLASSES

BODYPUMP: BodyPump is the original Les Mills barbell class that strengthens your entire body – FAST! This 45 or 60-minute workout will challenge all of your major muscle groups by using the best weight room exercises like squats, presses, lifts & curls. Using the proven BodyPump formula of lower weight loads combined with higher repetition movements, you'll burn fat, gain strength and produce lean body muscle without bulk. Great music, highly-trained instructors and your choice of weight will inspire you to get the results you came for, and have fun doing it! **Space is limited. New participants should arrive early for set-up instructions.**

CX WORX: Exercising the muscles around the core, CX WORX provides the vital ingredient for a stronger body. A stronger core makes you better at all the things you do, from everyday life to your favorite sports - it's the glue that holds everything together. This fun, innovative workout will focus on strengthening your core and all its surrounding areas, including the lower back, hips and glutes – all in just 30 minutes! Trained instructors will guide you through correct technique as you work with resistance tubing, weighted plates, and body-weight exercises such as crunches and planks. All of the moves in CX WORX have options, so classes are challenging but achievable for your own level of fitness. **A Yoga mat is highly recommended for this format. Monday 6:15am class includes an extra 15 minutes of stretching.**

MIND / BODY CLASSES

*A yoga mat is REQUIRED for all mind/body classes.
Aromatherapy may be used, depending on the class.
Please notify instructor of any fragrance allergies or sensitivity.*

GENTLE YOGA: Find inner balance and cultivate mindful awareness in this soft, relaxing, more nurturing practice. Gentle Yoga allows time for more detailed instruction and is less physically challenging than our Vinyasa-inspired classes. Emphasis is on self-awareness, use of breath, proper alignment, and honoring the body. Appropriate for all levels or for those who prefer to move at a slower pace.

YOGA FLOW: Build strength, balance and flexibility as you link breath with movement in this Vinyasa-inspired class. Students will move through a flowing series of Yoga postures while focusing on proper alignment and inner awareness. The sequence of postures may differ from class to class but will include warm-up, some variation of Sun Salutations, a dynamic standing series, balance and or core work, and various joint openers and stretches. All classes will conclude with final relaxation, leaving you feeling centered and calm. Appropriate for all levels as modifications will be offered.

POWER YOGA: A dynamic, faster-paced class that will tone your body while disciplining your mind. Power Yoga consists of an energetic series of Yoga postures done in sync with breath (Vinyasa-style), with an emphasis on moving fluidly from pose to pose. The result is an enhanced physical strength and stamina, improved flexibility and a calm yet focused mind. All levels welcome, with modifications offered for all.

CARDIO & STRENGTH CLASSES

FUNCTIONAL TRX: TRX combines with Functional Fitness in this heart-pumping 45 minute workout. You get it all with this one – cardio, strength and core work through the use of the TRX straps as well as equipment in the studio and your own body weight. You'll find muscles you never knew you had!

HIIT - INSANITY: A total body, cardio-based HIIT (High Intensity interval Training) class that offers low and medium-intensity options for those who want to take it down a notch. Taught by Insanity-certified instructors, Insanity is easy to learn, requires no equipment, and delivers a calorie burn that lingers on long after the workout ends. Don't let the name scare you! This class is for everyone.
