

Pinnacle Aquatics Mask Policies and Schedule Changes: Effective July 13, 2020

In compliance with Dane County Public Health Emergency Order #8, Pinnacle Health + Fitness will be requiring that all employees and members wear masks when in the building.

For those swimming in the indoor pools, we are following CDC guidelines, which emphasize that people need to follow physical distancing when in the water, but do not need to wear a mask while swimming. Please wear your mask and bring your towel to the end of your lane and respect the alternate end entry system set up for the lanes. From the CDC: “People should not wear cloth face coverings while engaged in activities that may cause the cloth face covering to become wet, like when swimming at the beach or pool. A wet cloth face covering may make it difficult to breathe. For activities like swimming, it is particularly important to maintain physical distance from others when in the water.” **Please note: The indoor pools will be open whenever Pinnacle is open. There will be no classes held inside while the mask mandate is in effect.**

For those using the outdoor pool, please note the changes to the schedule. All classes will be moved outside. Please see the new Outdoor Pool Schedule for changes to lap swim times and note the new Family Swim Schedule.

For those in Aquatic Group Exercise classes, all classes will be moved to the outdoor pool. Please wear your mask at all times when inside, and place it with your towel once outside so that you can dry off and put it back on before reentering the building.

For those using Family Swim, we have modified that schedule as well. Please check the schedule for changes before planning your trip.

We will also be moving the signup for Family Swim to the Club Systems app this in the next couple weeks. (This is the same app that members use to sign up for classes.) We are working with the app creator to make some changes first so that families are able to sign up more easily, and we will get this live once we know the issues have been fixed. In the mean time, please call the front desk no more than 2 days before the time you want to schedule your time.
